

Parenting in the Digital World

Dear Parents / Carers of Pendeen Primary School,

As peoples digital lives continue to grow, we know that for young people, spending an increasing amount of time online, holds lots of potential risks and concerns.

To allow you to help your young people navigate themselves through their ever rapidly growing digital lives, whilst at the same time allowing them to be independent digital users, we are running a special live, virtual online safety presentation on 10.03.22 at 7pm (On Zoom).

During this 60min session, Richard from The Stay Safe Initiative CIC will be helping you to understand your young peoples digital lives a bit more. Exploring what they are doing online, understanding the risks, and providing straight forward help and advice to keep everyone at home safe.

We know that many feel overwhelmed trying to keep up with the constant evolution of games, apps and social media platforms and are quite often understandably worried about, cyber-bullying, online grooming and what they are sharing online.

This session will allow you all to be informed and NOT scared!

During the Q&A session at the end of the presentation, Richard will be happy to stay online for as much time as needed to help address any of your individual questions and comments.

We look forward to hopefully seeing you soon.
